Dear Sir / Madam,

Greetings from **Nag Impex** - Solar Power Solutions provider.

**We supply and install solar power systems from 1 KW to 100 KW. All our systems are reliable, long lasting and designed for optimum performance.**

**We request you to consider us as your Solar Power System Supplier for your Company.**

Features and Benefits when you entrust the job to us :

- We are direct importers of critical components and modules from USA, TAIWAN, CHINA and SINGAPORE.
- Since we are direct importers, our margins are low and hence more beneficial to buyers.
- We are one of the Distributor / Dealer for NUMERIC and SWELECT Solar Products.
- We Guarantee for the trouble-free operation of our SPV Systems and FIRST YEAR 'after sales service & maintenance' is FREE.
- Please visit our website [www.nagimpex.com](http://www.nagimpex.com) to see our recent installations in Chennai for your information and reference.

Once again we request you to consider us as your supplier for Best Product, Design and Trouble Free Operation of our Solar Power System.

**Assuring you of high quality systems combined with best service.**

**And looking forward to work with you.**

Thanking You,

Yours truly,  
**U.Naganathan**  
98408 67653

**Solar Power System of any size will definitely save you money.**  
**For example : A 3KW system generates 900 units per bill (2 months) and this saves Rs.5,400 for residential consumers & Rs.9,000 for commercial consumers. A 3KW Grid Tie system costs Rs.2,70,975 net.**
